

Name _____

Environmental Issues: What Would Your Main Character Do?

Book _____ Author: _____

1. Based on what you know about the main character from details in the book, what environmental issue or issues would he or she support?

2. What details from the book make you draw this conclusion?

3. What would he or she do for this cause (what action might be taken)?

4. What obstacles might he or she face?

5. Think about the antagonist. Would he or she support the same cause? If not, what would his or her cause be?

6. How about any secondary characters? Would they support the same cause as the main character?

Create a piece (short story, comic, essay etc.) addressing the main character (and any other characters from the story that you can) and his or her environmental cause.
